

Carriage of Dangerous Goods

It is against the law to bring into the aircraft restricted items as defined by the Civil Aviation Safety Authority. The Company and airport or government officials may inspect and/or search your baggage with or without your presence.

WHAT MUST NOT BE TAKEN ON BOARD

1. EXPLOSIVES: fireworks, flares, toy gun caps.
2. COMPRESSED SUBSTANCE: gas cylinders, aerosols (other than medicines/toiletries).
3. FLAMMABLE SUBSTANCE: lighter fuel, paints, thinners, firelighters, cigarette lighters containing unabsorbed lighter fuel.
4. OXIDIZERS: some bleaching powders, acids, chemicals.
5. ORGANIC PEROXIDES: hair or textile dyes, fibreglass repair kits, certain adhesives.
6. POISONS: arsenic, cyanide, weedkillers.
7. IRRITATING SUBSTANCES: tear gas devices such as mace, pepper sprays.
8. INFECTIOUS SUBSTANCES: biological products and/or diagnostic specimens containing pathogens.
9. RADIOACTIVE MATERIALS: medical or research samples which contain radioactive sources.
10. CORROSIVES: acids, alkalis, wet cell batteries, caustic soda, mercury.
11. MAGNETISED MATERIALS: magnetrons and anything containing strong magnets.

WHAT MAY BE TAKEN ON BOARD IN LIMITED QUANTITIES

1. Alcoholic beverages (up to 5L), perfumes and colognes (up to 2L in total).
2. Medicinal or toiletry products including aerosols such as hair sprays and deodorant for personal use (up to 2kg or 2L in total, with no single container exceeding 500g or 0.5L).
3. With the approval of the Company, small oxygen cylinders for medicinal use and small carbon dioxide gas cylinders worn to power mechanical limbs.
4. Safety matches and certain lighters carried on the person. They must not be packed in checked baggage.

With approval of the Company, dry ice used to pack perishable foods (up to 2kg).
Small mercury thermometers for personal use when in a protective case.

REMEMBER IF YOU TAKE DANGEROUS GOODS ON BOARD, EVEN INADVERTENTLY, YOU MAY BE LIABLE TO PROSECUTION AND A JAIL TERM.

If there is any doubt about what may be carried on board the aircraft, the Passenger must request more information from the Company before commencing travel. Firearms and weapons of any description are prohibited in the cabin of any Aircraft. Passengers shall not tender dangerous goods or potentially dangerous goods for Carriage as baggage. The Company may destroy, abandon and/or retain as evidence any such goods.

FIREARMS

Firearms must be carried in checked-baggage and cannot be carried in the cabin of an aircraft. Firearms will be returned to you personally by staff at the destination.

Passengers travelling with firearms are to inform Pel-Air beforehand.

When travelling with a firearm, the following requirements must be met:

- The firearm is to be carried in a locked case or bag
- The firearm is to be unloaded
- If a firearm has a bolt, the bolt is to be removed

No more than 5kg of ammunition (per passenger) is to be carried. Ammunition must be packed in the manufacturers packaging. AFP Officers and ADF personnel travelling on duty may carry ammunition in no more than 2 magazines plus boxed ammunition to a total weight of no more than 5kg. All ammunition must be packed in a locked bag or case and checked-in for carriage in the baggage compartment.

The firearm and ammunition must be declared to Pel-Air staff.

A valid firearm/shooters licence must be produced at check-in and at the destination to collect the firearm. (Police or ADF identification is suitable when carrying non-private firearms).

Junior Shooters

Minors carrying firearms must produce their firearms/shooters licence AND must be accompanied by an adult at check-in and the destination who must also produce a firearm/shooters licence.
